### Newburgh Fire Loss is \$56,845 Chief Brady Says

Fire loss in Newburgh in 1944 amounted to \$56,845.96, representing a per capita of \$1.78, acting Chief E. Leo Brady states in his annual report to City Manager Joseph A. Fogarty printed in the Newburgh News.

All the loss except \$940 was covered by insurance. Damage to buildings aggregated \$39,596.62 and to contents \$16,832.24, and there was additional loss of \$397.10 in fires to which the department was not called.

Of 247 alarms of fire, only 49 were from boxes and 198 were "stills," and of the total 13 were needless and 16 were false. Eighty-three of the fires were in dwellings, 34 in mercantile buildings, 28 in automobiles, five in garages, three in club and lodge rooms, and one in a factory. Thirty-four other calls are classified as "miscellaneous."

Many of the fires, Chief Brady reports, were of unknown origin. Some of the known causes were dirty or defective chimneys, flooded oil burners (mostly portable and range-burner type), short circuits in buildings (due mostly to over-fusing), children playing with matches, and careless use of cigarettes.

### Japanese Reports

San Francisco, March 19 (AP)—Japan's blackout of education for all school children beyond the first grade was modified to a brown-out today.

A Sunday broadcast said that beginning April 1 all Japanese students from tiny second graders to university students would be mobilized for the Japanese war machine.

Modifying that statement in a broadcast intercepted by the F. C. C. today, radio Tokyo said that the "cessation of studies is not to be carried out unconditionally" and "students will stop studying in classrooms only when they are called out by the mobilization laws."

These mobilization laws and their enforcement are now being prepared by Premier Koiso's cabinet. Education Minister Count Hiroo Kodama informed the lower house of the Diet.

Loss of Two Admitted

San Francisco, March 19 (AP)—Japan today admitted the loss of two Iwo Jima.

The government controlled Tokyo radio reported the Japanese garrison made their last general attack at midnight Saturday "after one month of bitter resistance."

The broadcast, recorded by the F. C. C., said the Japanese had gradually broken through defense positions and "consequently the communications have more or less the tendency to stop."

Submarines Move In

(By The Associated Press)

Tokyo radio reported today a fleet of Allied submarines has moved from waters off Indo-China into the China Sea to cut off Japan's tenuous supply lines from her conquering southern territory.

The broadcast, recorded by the F. C. C., said the subs were trying "to get near to Japan proper and to interrupt the Japanese supplies to the southern regions." Nipponese planes were sent out to attack the undersea fleet.

Van Duzer Suggests Auxiliaries for Troopers

Albany, N. Y., March 19 (AP)—A women's auxiliary to State Police to allay the manpower shortage was proposed today by Assemblyman Wilson C. Van Duzer, Orange Republican.

Van Duzer said he would not introduce his bill for that purpose this year because the Legislature was about to adjourn and because "a bill of this importance ought not be passed without allowing the public" to make suggestions.

A resolution introduced February 28 by Van Duzer to create a joint legislative committee to study State Police problems, particularly working conditions, was killed in committee.

Van Duzer said, however, he had been conducting a private investigation, conferred with troops at more than 20 State Police outposts.

"The job these men are doing and the way they are doing it is simply marvelous," he said. "What they need more than anything else is more men."

Van Duzer asserted.

But, he said, "there are many duties of the male members which could well be taken over by women."

He would have four troops in the auxiliary, the number of men being depending upon the number in the regular troop. Members would be paid on the same scale as the men.

## New York Rivers Recede Despite Scattered Showers

New York, March 19 (AP)—Buying of selected rails, air transports and specialties made the stock market look fairly bright today although many leaders failed to attract worthwhile support.

Dealings were quiet from the start except for 5,000-share blocks of M-K-T Preferred and National Aviation, both at new highs for the year. Early gains running to three or more points were reduced near the fourth hour and losers were plentiful. The air group reversed the forenoon push and most registered declines.

Bullish sentiment again was based on inflation thinking, dividends, earnings and individual situations. Conversion apprehension was kept alive by the persistently good war news.

Prominent on the upside most of the time were Santa Fe, N. Y. Central, Reading, K. C. Southern, Transcontinental and Western Air, Schenley, American Can and Western Union "A." Backward were Atlantic Coast Line, U. S. Steel, Bethlehem, Chrysler, General Motors, Sears Roebuck, International Telephone and Eastern Air Lines. The last-named erased an initial gain of more than a point.

Bonds were steady and commodities uneven.

New York, March 19 (AP)—New York's rivers that flooded lowlands in the southern section receded today despite scattered showers.

Mild temperatures continued for the fifth successive day.

At Vestal, where the Susquehanna filled cellars and basements, the river dropped to 18.41 feet this morning, from yesterday's high point of 19.11. Flood stage for the lowlands is 14 feet. The river was 13.10 at Binghamton.

Although the Chenango, with a flood stage of 16 feet, touched 16.51 at Binghamton today, flood walls prevented inundation.

Thomas E. Reed, Binghamton U. S. Bureau official, said, it had reached 17.25 yesterday.

In the eastern section, the Mohawk river at Tribes Hill remained at eight feet below the flood stage. The Hudson river at Albany was 3.8 below the flood stage of 11 feet.

A slow rise was predicted for the Hudson and the Mohawk rivers over a 48-hour period by the U. S. Weather Bureau at Albany last night. Officials there said light rain today would not be enough to affect the rivers seriously.

Only flooding expected was in Mohawk valley lowland areas.

Temperature maximums today were due to be in the high 50s and 60s. Clearing weather and not much change in the mercury was forecast for tomorrow.

Liquor Valued at \$300 Stolen in Newburgh

Newburgh, March 19—Liquor valued at nearly \$300 was stolen from a grill at 200 Ains street sometime last Thursday night or early Friday morning. It was reported to police by the proprietor, John McDermott.

The burglars reportedly gained entry by forcing open a ventilator in the roof of the building. The liquor was stolen from a store-room, after which the thieves stole a lady's gold wrist watch from the cash register and broke open a record-playing machine. They were unable to obtain money, however, from the machine's coin box.

## DON'T KEEP ADOPTION SECRET

It is only fair to explain that too many letters have come to me from—as well as about—shocked and disillusioned adopted children to enable me to answer the following questions without a very strong bias. The question is: "How can we announce the adoption of a baby without broadcasting the fact that she is adopted? We would like to have her grow up believing that she is our own."

As already noted, I have been brought into personal contact with so much unhappiness as the result of bringing a child up in ignorance of the fact that it is adopted, that my opinion on the subject is that you can't. It could be done only if the truth of her birth were known to no one, ever. To hope to make the world forget her adoption and to erase a fact legally recorded, is obviously impossible. On the other hand, to bring her up as a "chosen baby"—chosen because you wanted her for herself—is the very best assurance of her future happiness and in consequence of your own.

## Divorced Mother Announces Engagement

Dear Mrs. Post: My parents have been separated for many years, but they are not legally divorced. However, my mother lives here (I live with her) and my father lives in another town. In whose name should my engagement be announced in the papers and in whose name the wedding announcements engraved?

Answer: Your mother should announce your engagement in her name alone, but in the same notice it also should mention your father and where he lives. The wedding invitations and announcements should be in your mother's name alone.

## "Tie a La Mode"

Dear Mrs. Post: Lately I was at a simple dinner party, where for dessert hot apple pie was passed. I was the first one served and took a piece. Later, the waitress passed ice cream and being the first one again to help myself, I took a spoonful and put it on top of my pie. However, I noticed the others at the table put their serving of ice cream at the side of the pie. Was I in error?

Answer: Not at all. You simply made a pie a la mode which is perfectly well-known! In any other case you can certainly put food on your plate wherever you happen to choose.

## How to set a table correctly is described in Mrs. Post's leaflet, "Table Settings," obtainable for a 3-cent stamped, self-addressed envelope sent to The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

## New Medical Center

New York, March 19 (AP)—New York city will start construction of a new, \$27,500,000 medical center as soon as materials are available. Mayor F. H. LaGuardia announced. LaGuardia said the center would contain six or more buildings, from 3,200 to 3,400 beds, and would be built on the site of the city-owned Bellevue Hospital, which is to be razed. New York University will pay \$15,000,000 toward the total cost and will build a new medical college as part of the group.
